

**CORPORATION OF THE TOWNSHIP OF LEEDS AND THE
THOUSAND ISLANDS**

BY-LAW 19-051

BEING A BY-LAW RESPECTING AN EMERGENCY MANAGEMENT PROGRAM FOR THE PROTECTION OF PUBLIC SAFETY, HEALTH, THE ENVIRONMENT, THE CRITICAL INFRASTRUCTURE AND PROPERTY, AND TO PROMOTE A DISASTER-RESILIENT COMMUNITY WITHIN THE TOWNSHIP OF LEEDS AND THE THOUSAND ISLANDS.

WHEREAS the Province of Ontario has passed an Act which provides for the formulation and implementation of an Emergency Management Program called: "The Emergency Management and Civil Protection Act (EMCPA)" R.S.O. 1990, Ont. Reg. 380/04, by the council of a municipality;

AND WHEREAS this Act requires the emergency management program to conform to standards promulgated by Emergency Management Ontario in accordance with international best practices, including the four core components of emergency management, namely: mitigation/prevention, preparedness, response and recovery; and also makes provision for the municipality and council to develop and implement an emergency management program to protect public safety, public health, the environment, and critical infrastructure and property, and to promote economic stability and a disaster-resilient community;

AND WHEREAS this Act makes provision for the Head of Council to declare that an emergency exists in the community or in any part thereof, and also provides the Head of Council with authority to take such action or make such orders as he/she considers necessary and not contrary to law, to implement the emergency response plan and respond to an emergency;

AND WHEREAS the Act provides for the designation of one or more members of council who may exercise the powers and perform the duties of the Head of Council during his/her absence or his/her inability to act;

AND WHEREAS the Act authorizes employees of a community to respond to an emergency in accordance with the emergency response plan where an emergency exists but has not yet been declared to exist;

NOW THEREFORE the Council of the Corporation of the Township of Leeds and the Thousand Islands hereby enacts as follows:

1. That an Emergency Management Program and Plan be developed, implemented, reviewed and updated in accordance with the *Emergency Management and Civil Protection Act R.S.O 1990*;
2. That the Head of Council; Mayor or Deputy Mayor (in the absence of the Mayor) is empowered to declare an emergency;

3. That certain appointed officials or their alternate, as provided in the approved emergency plan are empowered to cause an emergency notification to be issued to members of the Community Control Group, and to respond to an emergency in accordance with the emergency plan where an emergency exists but has not yet been declared to exist;
4. That the Council of the Corporation provides for sufficient monies for emergency expenditures related to a situation that constitutes a danger of major proportions to life or property. The Chief Administrative Officer will authorize these expenditures provided the emergency plan has been activated and that a declaration of a local emergency has been proclaimed.
5. That, where required by law and for personal privacy and protection, certain personal information and resources identified in the Emergency Management Plan, be kept confidential.
6. That the Emergency Management Program Committee review annually the Emergency Management Program and make such changes as are necessary and that changes to emergency policy will be referred to Council for review and approval.
7. That the Emergency Response Plan attached hereto as Schedule "A" of this by-law, is hereby adopted.
8. That By-law #18-071 is hereby repealed.

PART 1 – ADMINISTRATION**1.1 Emergency Quick Reference Guide**

Once Municipal Emergency Control Group has been notified:

- Upon the arrival of three or more members, the Municipal Emergency Control Group (MECG) may initiate its function.
- Ensure that all Township departments have been notified and either activated or placed on standby. Each Municipal Emergency Control Group member is responsible for their own department.
- The Mayor must inform the Province of Ontario that the Township of Leeds and The Thousand Islands (Township) has declared an emergency and specify the nature of the emergency situation. The provision of a return contact number is required for communications purposes. The call is made to the Emergency Management Ontario.
- The number to use for this purpose is **(416) 314-0472**.
- Turn to individual responsibilities within the plan. Provide input and assistance as required.
- Each member of the Municipal Emergency Control Group will report and respond to immediate needs in accordance with the Operations Cycle format.

Revised: November 2019

1.2 Introduction

The Emergency Plan for the Township has been developed to reflect the public safety requirements of our community. The effective use and maintenance of this plan is reliant upon all concerned being aware of its provisions and prepared to fulfill their roles and responsibilities in the event of an emergency. Responsible individuals are expected to participate in emergency training, and exercises which will assist them in the fulfillment of their roles accordingly.

The heads of departments are expected to develop their own internal notification lists, procedures and contingency plans to fulfill their departmental responsibilities.

Together we work to ensure that our community is prepared to respond to an emergency in the most effective manner possible.

1.3 Aim

The Aim of this plan is to protect the health, safety, welfare and property of our citizens, from the effects of a natural, technological or human caused emergency.

1.4 Authority

This Plan has been developed and will be implemented in accordance with the Emergency Management and Civil Protection Act, detailed in Appendix "D", which is the Provincial statute under which all emergency management activities are conducted in the Province of Ontario.

Declaration of emergency:

4.(1) "The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area. R.S.O.1990,c.E.9,s. 4 (1).

This Emergency Plan and its elements has been issued under the authority of the Township of Leeds and the Thousand Islands By-law No. **19-051**. A copy of the By-law is available on the Township's website and at the Municipal Office.

Revised: November 2019

1.5 Definition of an Emergency

“Emergency” means a situation or an impending situation that constitutes danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise.

1.6 Action Prior to Declaration

When an emergency exists but has not yet been declared to exist, community employees may take such action(s) under this emergency response plan as may be required to protect property and the health, safety and welfare of the citizens of the Township.

1.7 Requests for Outside Assistance

Assistance may be requested from the United Counties of Leeds Grenville at any time by contacting the County Warden or the County Chief Administrative Officer (CAO). The request shall NOT be deemed to be a request that the County assume authority and control of the emergency.

Assistance may also be requested from the Province of Ontario at any time without any loss of control or authority. Any request for assistance should be made by contacting Emergency Management Ontario.

The Emergency Notification Contact List, including contact numbers for requesting assistance, is contained within “Appendix A”.

1.8 Freedom of Information and Protection of Privacy

Any personal information collected under the authority of this Plan shall be used solely for the purpose of planning, preparing and conducting response to emergencies as defined with the Emergency Management and Civil Protection Act, and the release of information under this Plan shall be made in conformity with the Municipal Freedom of Information and Protection of Privacy Act.

The Plan was originally written in 2004; updated annually and it is essential that it be kept current and viable by adherence to a maintenance schedule. Responsibility for the plan being kept up to date rests with the Community Emergency Management Coordinator (CEMC) who may delegate tasks accordingly. The following shall be carried out:

- The Emergency Management Program Committee (EMPC) shall meet once a year to assist the CEMC with updating the plan.
- The emergency telephone numbers will be reviewed on an annual basis.
- The notification system will be tested annually.
- The plan will be exercised once every year as a minimum requirement.
- The Control Group and Support Staff shall receive training and participate in an exercise, once every year as a minimum requirement as per the Civil Protection Act.
- The Local Services Directory should be updated annually.
- The Community Emergency Management Coordinator will determine the schedule under which the maintenance activities will be performed.

The Community Emergency Management Coordinator may update, correct or amend information contained within the appendices of this emergency plan on an 'as required' basis.

PART 2 – EMERGENCY OPERATIONS AND PROCEDURES

2.1 Municipal Emergency Control Group (MECG)

Membership:

The Municipal Emergency Control Group is the group which is responsible for the direction and control of the overall emergency response within the community. The MECG ensures the provision of the essential services necessary to minimize the effects of an emergency on the community.

The MECG is comprised of the following members;

- Mayor
- Chief Administrative Officer
- Administrative Assistant
- Fire Chief
- Director of Operations
- Director of Finance
- CEMC
- Public Information Officer

Implementation:

Several members of the Municipal Emergency Control Group may request, through the CAO/Operations Officer, that the Emergency Plan be implemented (see responsibilities).

The Emergency Plan may be implemented in whole, or in part, based on conditions at the site or severity of the situation.

The CAO will immediately notify the Mayor and other members of the Control Group. Notification lists and procedures are located in Appendix A.

2.2 Emergency Operations Centre Procedures (EOC)

The Emergency Operations Centre has both a primary and a secondary or alternate location. During the notification process, direction as to which location members of the Municipal Emergency Control Group will report to will be given. For example, members will be told that this is an emergency plan activation and they should report to the primary Emergency Operations Centre immediately. The primary and secondary locations are geographically separated so that if one or the other is endangered or rendered non-functional as a result of the emergency situation the other should be safe and operational.

Primary EOC Location: Leeds 1000 Islands Municipal Office
1233 Prince Street, Lansdowne

Alternate EOC Location: Leeds 1000 Islands Fire Training Centre
312 Lyndhurst Road, Lyndhurst

Upon receiving notification, the CAO will contact the administrative staff who have been assigned the task of setting up the EOC. The EOC will be set up and operational within one hour of activation. The CAO/Operations Officer will supervise the set up and ensure operational viability.

Upon arrival at the EOC, each Municipal Emergency Control Group member/designate shall:

- Sign In
- Check telephone/communications devices.
- Open personal log.
- Participate in the initial briefing.
- Participate in planning initial response/decision making process.
- Pass Municipal Emergency Control Group decisions on to member's agencies/areas of responsibility.
- Continue participation in the Emergency Operations Centre Operations Cycle.

Revised: November 2019

Upon leaving the EOC, each Control Group member shall:

- Conduct a hand over with the person relieving them.
- Sign out on the location board indicating where they can be reached.

Once the initial response is established, routines are put into place by the Operations Officer. The MCEG functions most efficiently on a system known as an Operations Cycle.

Operations Guidelines:

Each department is responsible to ensure that senior and support staff are available to support the Emergency Operations Centre twenty-four hours a day on a weekly basis. At the same time, each department is responsible to support the emergency site and continue to provide a level of service to the unaffected areas of the municipality.

Under emergency conditions, employees of the Township, working in the EOC, may expect to remain on duty up to ten (10) hours. A staggered release will begin after eight hours. Anyone that is required to work beyond the ten-hour schedule must have the approval from the CAO. After an employee has worked under emergency conditions for three consecutive days, the employee may have the next twenty-four hours off. This regulation applies to all employees and volunteers including senior management.

In order to ensure that the eight to ten-hour rotation is maintained, some employees will be sent home on a standby basis in order to return later at an appointed time. Employees may be required to report for duty at a location other than their normal workplace depending on conditions and the location of the EOC.

Should the emergency be prolonged, the CAO will activate mutual assistance agreements with other municipalities or with the United Counties of Leeds and Grenville.

Notification of Family Members:

All employees are responsible to inquire as to the state of their family as a result of the emergency. In addition, the family will be informed of the emergency situation and its possible duration. This shall be done during the first six hours of the emergency. Any major problem that might preclude an employee's continued presence will be discussed with the CAO within the EOC, or his/her supervisor outside of the Emergency Operations Centre. Every effort will be made to relieve the employee.

Revised: November 2019

Should telephones not be operating, the fire department or public works department staff may check on family members at the request of an employee. Employees will verify the status of their own family members to the extent possible.

Emergency Telecommunications:

The primary means of communicating outside of the EOC will be by telephone (landline and cellular), text message, email, two-way radio (depending on the location) and supplemented when required through the United Counties Telecommunications Coordinator.

2.3 Operations Cycle

An operations cycle is how the Municipal Emergency Control Group manages overall emergency operations. MECG members will come together usually around a planning board or map at which time they will in turn report their departmental status to the Mayor and Operations Officer. It is essential that every member, covering each area of responsibility, be heard from during this process. The MECG is a team, and the actions taken by one, or the lack of action by one, may have a significant impact upon operations.

The round table discussion should include problems, questions, resources requests and any other relevant information so that timely informed decisions can be made as a group. Once the meeting is completed, the members should contact their departments and pass on any relevant information or directives that come out of the Control Group meeting. The frequency of the meetings is determined by the Operations Officer in conjunction with the Mayor but should reflect the pace of the emergency and occur on a scheduled basis which may be adjusted accordingly.

During the period after the meeting and dissemination of information, members will be in the process of gathering information and preparing for the next scheduled meeting. The MECG members use this time to follow up and ensure that Control Group decisions are being implemented. Each member is responsible for informing their respective department of the schedule for MECG meetings. No calls are supposed to interrupt the proceedings. All calls must occur prior to or after the formal meetings of the MECG. It is essential that the EOC is comfortable, has good communications and is secure from unnecessary distractions. Only MECG members, and support staff should have access to the EOC. No media are allowed into the EOC, nor is anyone who has not been authorized by the Operations Officer.

Revised: November 2019

2.4 Roles of the Municipal Emergency Control Group (MECG)

The Municipal Emergency Control Group is responsible for the following:

1. Implementing the Emergency Plan in whole or in part to respond to an impending, potential, or existing emergency.
